# Struggling to get in and out of your vehicle?

The Smart Transfer range of innovative products offers a solution for both drivers and passengers alike. Transfer from wheelchair to car seat in seconds with the Milford Person Lift or choose a transfer board for that little extra assistance.

## Milford Person Lift – In your vehicle

LIFT

TRANSFER

GO

The **Milford Person Lift** is designed to transfer users from a wheelchair smoothly and safely onto the vehicle's original seat, so you keep all the comfort and safety that you would expect from the vehicle manufacturer. Using this solution means there's no need to purchase a conversion van or expensive swivel seat. The Milford Person Lift can provide even more support by using it around the home with the Smartbase and Wall Brackets.

## Vehicle Transfer Boards

SIT

REMOVE

STOW

Discreet and stylish, a transfer board gives passengers and drivers alike a stable and sturdy platform on which to pause before you can settle into your seat. The Smart Transfer range of transfer boards are strong and easy to use making them suitable for people with almost all levels of mobility. Our range of transfer boards can be fitted to most vehicles making them the ideal solution for when you need just a little extra assistance and don't want to change your car.
