# Thera-Glide®

Self-locking rocking chairs

## R Series Decorative Metal

(Widths available: 17", 20" and 24")

The Thera-Glide® glider has a place for itself in the healthcare world, both for its therapeutic effects and for its incredible functional and safety features. Its patented automatic immobilization mechanism keeps the chair fixed when getting up and allows rocking when the person is fully seated. The system is easy, quiet and locks in any position. Depending on the model, its adjustment options and accessories, you can adapt the Thera-Glide® to meet your specific needs. It is easy to maintain thanks to the removable upholstery and the materials used in its design.

Secure when sitting down

Rocks freely

Secure when getting up

Contemporary style backrest for easy cleaning (Classic and Comfort Plus styles also available)

Elongated armrests for a better grip

Seat depth and backrest angle adjustment standard on 17" and 24" models, optional on the 20" Metal model

Fast and easy indexer height adjustments

With a metal frame with a lifetime warranty, a contemporary style backrest with smooth surfaces and the polyurethane armrest option, the Thera-Glide model is a safe rocking chair that meets the strictest disinfection standards

# W Series Wood

(Widths available: 17", 20" and 24")

Height-adjustment is standard for optimal comfort

Seat depth and backrest angle adjustment standard on 17" and 24" models, optional on the 20" Wood model

The Thera-Glide®'s wood components are attached to a robust and durable inner steel frame.

5 wood stains and three backrest styles enable you to customize the Wood Thera-Glide® to your liking.

10. CHERRY (R/W/T Series)

11. NATURAL (W/T Series)

12. MAHOGANY (W/T Series)

13. WALNUT (W/T Series)

14. EBONY (W/T Series)

Lateral stabilizers for increased safety

# T Series Transitional Style

(Single width: 22")

The Thera-Glide® Transitional provides all the safety features of our other rocking chairs. Its “transitional” design blends comfort, warmth and modernity and will prove to be a valuable asset for your interiors.

Our T Series is suitable for many people. Thanks to its easy-to-clean waterfall cushion, curved wooden armrests, adjustable height and maximum capacity of 350 lbs. (159 kg), the Thera-Glide® Transitional is a safe rocking chair ideal for the common areas of your residences.

Ornamental wood frame  
(see choice of W Series colours)

Upholstered side panels  
for a sleek, modern finish

Rocking mechanism manual  
lock (standard on all models)

# Rocking...

- + Significantly improves the quality of life for people experiencing a loss of autonomy.
- + Leads to a reduction in medication intake.
- + Therapeutically combats anxiety and depression in people with dementia and/or Alzheimer's<sup>1</sup>.
- + Provides significant benefits to newborns and their mothers<sup>2</sup>.

<sup>1</sup>[Child Study Center, School of Medicine, Yale University]. <sup>2</sup>[Watson, Wells and Cox, Rochester University, 1998].

## BASIC FEATURES

Thera-Glide® chairs come standard with vinyl upholstery. Silvertex vinyl containing silver nitrate\*, Cryptons as well as an almost infinite selection of coverings are available as options. Our customers can also provide us with their own fabric if needed. (COM).

\*Silver nitrate is known for its antibacterial properties.
