

Polar Care Cube™

The Polar Care Cube Cold Therapy System is simple and reliable. Its easy to use, compact design makes it great for clinic, hospital, and home use. With the addition of ice and water, your patients will enjoy 6-8 hours of effortless cold therapy. Proper use requires an insulation barrier between the pad and the patient's skin. Federal law restricts this device to sale by or on the order of a medical professional.

Common Examples of Use

- Post Operative
- Arthroscopic Procedures
- Reconstructive Procedures
- Plastic Surgery
- General Surgery
- Post-Trauma
- Chronic Pain
- Physical Therapy

Product Features

- Proven reliability and effectiveness
- Strong pump for optimal durability
- High flow rate results in even pad temperature
- Provides motorized cold treatment for 6 - 8 hours

Category: Devices.
