FOLDING WALKERS

Folding Walkers

Folding Walkers are NOT all the same. Although, they are common and standard in features (most are grey ... not our favorite); there are a lot of great accessories to make these folding walkers look and function 1000% better ... and they even come in colors!

The Knee Walker

What is the Knee Walker?

The NOVA Knee Walker is an excellent mobility device for foot or ankle injuries when the affected area cannot bear weight or has limited weight bearing precautions. It can be a great long or short term alternative to crutches or folding walkers that can have adverse effects, such as back or under arm pain from extended use. The Knee Walker allows the user to maintain an active and more independent lifestyle which will help him/her progress to a quicker recovery.

Features:

- Oversized, contoured padded platform pad (comfortable and long-lasting)
- Durable, anatomical synthetic rubber handles
- Steering assembly allows the user to easily maneuver and helps maintain better stability
- Large 8" wheels provide a smooth ride over uneven surfaces
- Locking hand brakes provide speed control and allows user to stay in a single position without rolling during everyday tasks
- Quickly adjusts for right or left leg injuries
- Easy-to-fold down steering column is convenient for transport and compact storage

A great alternative to crutches!
