# About Aqua Creek Products....

Aqua Creek Products has been manufacturing quality aquatic access equipment since 2002. Our staff has decades of combined industry experience. Our products are hand-built with pride by true craftsmen in the United States. Quality and service are the cornerstones of our company. Our products are of the highest quality on the market today. Our service and support are second to none.

You will not be disappointed when you choose Aqua Creek Products for your aquatic access needs. But don't take our word for it - see what some of our customers have to say!

## CUSTOMER TESTIMONIALS

*"My life has really changed since my Pro Pool Lift was installed. I have a mobility issue and doing pool work helps me more than meds. I move better, sleep better, can do it myself and thus gain a feeling of independence. I believe walking without a cane is possible thanks to the lift. The lift moves slowly and you will feel very secure. If you want to give and do something for a loved one - give the lift - using it gives you that woo hoo feeling."*

*Peggy H., Hamilton, GA*

*"I would like you to know how important it is for me to have confidence in having an up-to-date range of well-designed equipment to promote which looks good and is well priced. Believe me when I say it is equally important to have this confidence in the people behind the equipment as well!"*

*Janet C., United Kingdom*

*"I'm absolutely amazed! I wish all manufacturers could be more like what Aqua Creek represents. Efficiency and integrity...what a concept. You've got an awesome team! Aqua Creek remains at the absolute top of my list of companies for which I am eternally appreciative and the one company that I want to sell more products of as a direct correlation."*

*Steven W., Auburn, CA*

# The Scout™ Lift

## ADA Solution For Existing Anchors

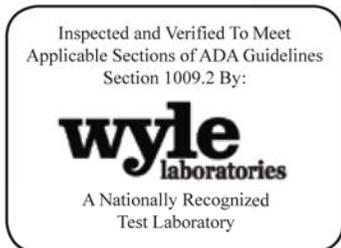

Independently verified ADA Compliant. The Scout™ is specifically designed to be used in retro-fit applications. It eliminates the need for anchor installation by utilizing almost any existing 6" deep socket style anchor. If you already have an EZ Pool™ Lift, manual lift or stanchion anchor, The Scout™ may be dropped into your existing anchor. Also available with adapter sleeves to accommodate larger diameters (i.e. 2-3/8") and deeper anchors.

### The Scout™ Lift Features:

- Independent 3rd Party Verified to Meet ADA Standards
- 350 lb (159 kg) weight capacity
- Set back range 12" to 34" (30 to 86 cm)
- Can be adapted to most existing 6" deep anchor sockets
- Clears walls up to 6" high

### Standard Features Include:

- Powdercoated stainless steel construction
- 360 degree powered rotation in either direction
- Rechargeable battery operation including charger
- Submergible 4 button remote
- Removable & adjustable footrest
- Dual flip-up arms & adjustable belt
- Limited lifetime structural warranty
- Five year pro-rated electronics warranty

**Adaptable to most existing 6" deep anchors**

# The EZ & Power EZ Lifts™

Aqua Creek's EZ Pool™ Lifts and Power EZ Pool™ Lifts offer affordable options for aquatic access. Both lifts are easy to remove, making storage or relocation of your lift easy. Durable and adjustable mesh sling allows for different users to easily adjust to a more comfortable fit. Hard seat option also available. **New turning bar for even easier rotation.**

**Shown with optional surface mount anchor**

*The EZ Pool™ Lift is manually operated by a hydraulic ram.*

**Power EZ Pool™ Lift**

**Shown with optional surface mount anchor**

*Stainless steel construction, durable white powder coat finish and flush mount concrete anchor system all come standard on these lifts!*

*The Power EZ Pool™ Lift is battery operated by a 24 volt battery and comes with charger and submergible remote handset. All electronics are covered under five year pro-rated warranty.*

## Both Lifts Feature:

- 400 lb (181 kg) weight capacity
- Maximum set back range 20" (51 cm)
- Clears up to 26" (66 cm) high wall
- 360 degree manual rotation
- Adjustable mesh sling
- Limited lifetime structural warranty

For Available Sling Sizes

Hard Seat Option

## The ABLE™ (Aquatic Bathtub Lift Elite)

The Aquatic Bathtub Lift Elite or ABLE™ is a wall mounted bathtub lift. It provides assistance and the ability to use your bathtub easily. The manually pivoting seat provides complete control on where you enter the tub and is thin enough to allow you to get as deep into your tub as possible. Site construction and product assembly is required.

### The ABLE™ Lift Features:

- 300 lb (136 kg) weight capacity
- Powdercoated stainless steel construction
- Rechargeable battery operation including charger
- Submersible 4 button remote
- Folding seat
- Limited lifetime structural warranty
- Five year pro-rated electronics warranty

# Swim Training Platforms

## New Economy Version

These completely portable platforms are easy to remove or place in the pool. Ideally used to teach swimming or for aquatic exercise and therapy. Other uses include in water seating for adults and children, a water safety station, or as an island children can swim to and from. Use these platforms for whatever best suits your facility. Made from PVC. Two versions available.

### Swim Training Platform

#### Item #F-250TTP

A higher grade platform. Thick polypropylene platform decking offers slip resistance, greater durability and increased weight capacity. Multiple units may be joined together for larger training classes. Our new **mesh safety skirt** helps keep youngsters from swimming under the platform during training classes.

- 300 lb (136 kg) weight capacity
- 36" x 60" grated decking platform
- Weighted ballast legs and removable rails
- Adjustable height legs from 16" to 21"

Item #F-250TTP

Mesh Safety Skirt

Item #	Description
F-250TTP	Swim Training Platform
F-220EL	Extended legs option for 18"-24" height
F-204MSS	Mesh Safety Skirt use with #F-250TTP

Item #F-150ETP

### Economy Swimming Training Platform

#### Item #F-150ETP

A less expensive option for budget conscious facilities. Built on a non-rusting PVC frame with fixed rails and a non-skid deck. Assembly Required.

- 250 lb (113 kg) weight capacity
- 32" x 50" platform size
- Adjustable height 18" or 26"

Item #	Description
F-150ETP	Economy Swim Training Platform

# Beach Access

These sturdy, light weight, all terrain chairs allow easier access in sand, snow and other soft soils. Balloon flotation tires give these chairs extra stability resistant to tipping. Wheels are non-corrosive and will not puncture. Different versions available.

## Beach Access Chairs Item #F-014BAC & F-013BAC

The unit comes standard with single motion park brakes, safety belt, storage bag and comfortable cushion seat. The chair quickly disassembles into three pieces for easy transport.

- 250 lb (113 kg) capacity
- Durable non-corrosive PVC construction
- Stainless steel hardware
- Anti-tip design
- Sliding footrest
- 6' (1.8 m) 8 panel umbrella
- One year warranty

Item #F-014BAC

Item #F-013BAC

New Angled Back And Re-designed Cushion Provides Added Comfort!

Item #	Description
F-014BAC	Beach Access Chair with 2 Articulated Wheels
F-013BAC	Beach Access Chair with 4 Large Wheels

## Beach Stroller Item #F-016BS

With five reclining positions and a padded legrest - this unit makes a great solution for a day at the beach for young patrons. Mesh vinyl fabric is easily removed and cleaned. Optional mesh bag available.

Item #F-016BS

- 200 lb (91 kg) capacity
- 44"H x 41"W x 48"D
- Seat Depth - 17"
- Back Height - 24"
- One year warranty

## Reclining Beach Access Chair Item #F-015RBAC

This unit has five reclining positions and a padded legrest for added comfort. Swivel casters in back makes it easy to steer. Umbrella, mesh bag and cushion are included. Pediatric version available.

Item #F-015RBAC

- 250 lb (113 kg) capacity
- 46"H x 36"W x 48"D
- Seat height - 25"
- Back Height - 34"
- Seat Depth - 21"
- One year warranty

Great Option For A Relaxing Day At The Beach!!

# Chairs Ideal For Sloped Entries & Ramps

Pool Access Chair

## Pool Access Chairs

The Pool Access Chairs are designed for getting patrons in and out of pools with ramps or beach entries. Super strong PVC construction and an anti-tip design make these chairs durable. Made with corrosion resistant materials. Heavy duty chair boasts a 400 lb weight capacity and 24" wide seat.

Heavy Duty Pool Access Chair

- Durable non-corrosive PVC construction
- Stainless steel hardware
- All plastic rear wheels with rubber tread
- Anti-tip design
- Swing out armrest for lateral transfers
- One year warranty

Item #	Description
